## **CONGRATULATIONS!**

It is my pleasure to congratulate Big Brum Theatre Company on 25 years of work in the vital area of theatre in education. The first Big Brum production I saw was *The Under Room*. I was glad that this play was out in the world and that I was able to see it. I've been recommending your work to schools ever since—particularly those who want pupils to question and to think for themselves. I hope your work continues and is valued in the future.

Yours faithfully

Steve Williams
